

Privacy Policy -

Last updated: 08 August 2025

Your privacy is important to us. This Privacy Policy explains how we handle your data when you use **Just Download**.

1. Data We Collect

- **No personal data is collected** when you use **Just Download**.
- The application runs locally on your device and does not transmit your browsing or download activity to our servers.

2. Usage Data

- We may collect basic usage statistics (e.g., error logs, performance data) to improve the app — but only if you choose to share them.

3. Third-Party Content

- When using the app to download media from third-party sites, you are subject to those sites' **Terms of Service** and **Privacy Policies**.
- We do not control or store any content from those platforms.

4. Your Responsibility

- You must ensure that your downloads comply with local copyright laws and the source website's rules.
- Downloading from platforms that explicitly prohibit it (e.g., YouTube) is done **at your own risk**.

5. Security

- Since the app works locally, your downloaded files remain on your device unless you choose to share them.

6. Changes to This Policy

We may update this Privacy Policy from time to time. Changes will be posted here with the updated date.
